

## BIOGRAPHY

Working from queer and trans epistemologies, Ester Fleckner inverts the value of failure, unfinishedness, and displacement to arrive at chaotic and intuitive ways of knowing. Fleckner employs an abstract aesthetic to counteract normative tendencies to produce ever new and false binaries. As such, Fleckner's ventures are almost always serial and expressly inquisitive; always morphing along the way towards no particular endpoint. The works can be read as alternative maps for navigating visual and linguistic representation out of rigid categorisation. Fleckner mostly works with woodcut printing – a simple, slow and physical technique that allows for differences, errors and a loss of control. As a natural material, wood is apt for Fleckner's exploration of the collisions between the body and various cultural norms. Fragments of text or drawing are often added in pencil as interaction or dialogue with the graphics works that are printed by the artist. Fleckner's practice expands from the woodcuts to include cast concrete sculptures, drawings, text work and performative readings.

## CURRICULUM VITAE

ESTER FLECKNER

BORN 1983. BASED ON MØN, DK

## EDUCATION

2007-13 The Royal Danish Academy of Fine Arts, MFA, Copenhagen, DK

2010-11 Goldsmiths, University of London, *MA Gender and Culture*, GB
